*Welcome*

*Caring For You*

**Phone: 576 2321— 24 hours**

**T**hank you for choosing us to be you and your family's health care provider.

**W**e would like to welcome you to our Practice, and also take this opportunity to detail some of the services we have available to our patients.

**W**e are a member of the Western BOP Primary Care Organisation (PHO), and we aim to give our patients high quality health care and are dedicated to achieve

*As a new patient here at **Otumoetai Doctors**, you have been given the opportunity to choose your doctor and be enrolled with him/her.*

In order for your new doctor to setup your medical file and be equipped to provide appropriate medical care for you, he/she will need to spend some time during your first appointment speaking with you to gather your complete medical history.

*Therefore your first appointment may be a double appointment allowing time for the doctor to gather that information, and also deal with the matter you have booked to see him/her about. Please bring any medication you are taking along with you to this appointment. The cost of this double appointment is \$102.*

The ongoing cost of standard single appointments now that you are enrolled here will be \$51. You may at anytime ask for a double appointment but please remember the price will be double.

For further information on prices, surgery hours, & other services offered by **Otumoetai Doctors** please take the time to read through the pamphlets in this *Welcome Pack*.

## New Zealand Citizenship

**Eligibility:**

A New Zealand citizen is eligible for funded health and disability services.

**Proof of Eligibility:**

Under the Health and Disability Services Eligibility Direction 2011, we are required to have proof of your NZ Citizenship or other evidence of your eligibility and identity to receive publicly funded health and disability services.

We will be asking you for a copy of:

- your NZ Passport **OR**
- other forms of proof of eligibility and identity documents.

We are required to have these on your file.

Children aged 17 years or under in the care and control of a parent or guardian who is a NZ Citizen, are eligible for publicly funded health and disability services so the requirement for documents is waived.
